| RIB680

HR | Aristazara ispunjava vaše želje pri izradi gumenjaka. Uz standardnu izradu od Orca Hypalon gume i tiko-vine ostale specifikacije odabirete po vašim željama (duljina, boja, jačina motora, dodatna oprema, itd). Gumenjaci se dizajniraju po narudžbi za Vas i odgo-varaju na Vaše želje ovisno o planiranoj upotrebi za sport, razonodu, profesionalne aktivnosti ili jedno-stavno obiteljsku zabavu i opuštanje na moru.

EN | We at Aristazara strive to fulfill and accomplish all your wishes when making our Inflatable Boats. With our standard craftsmanship of Orca Hypalon rubber and teak wood decking, other specifications we have to choose from are (length, color, engines, accessories, etc.). Our Inflatables are designed by order for you and respond to your wishes depending on the intended use if there be for sports, leisure, professional activities or just family fun and relaxa-tion at sea.

HR | Dizajn trupa sa dubokim koritom i njegova mala težina odlično odgovaraju kako mirnim tako i eventualnim nemirnim uvjetima na moru i omogućuje sigurnu i udobnu plovidbu na valovima i preko 2 metra visine te izuzetno lako glisiranje.

EN | The hull design with its deep V and its light weight provides extremely easy planning. Performs well to calm as well as turbulent sea conditions and provides a secure and comfortable ride over waves of 2 meters in height.

Duboki V trup sa dva uzdužna stabilizatora zaslužan je za iznimnu stabilnost, a puna skretanja pri glisiranju izvode se bez problema. | HR

Deep V hull with two longitudinal stabilizers is credited with exceptional stability at full turning while planning are performed without problems. | EN

RIB680 idealan je suputnik za dnevna ljetna krstarenja pri čemu pruža udobnost i funkcionalnost. Ispod dubokih tapeciranih sjedala cijelom dužinom gumenjaka nalaze se raznorazna spremišta u kojima ima dovoljno prostora za skladištenje stvari i opreme potrebnih za morske radosti i cijelodnevni boravak na moru. Gumenjak prima čak 14 ljudi. Na krmi se nalazi tuš sa pripadajućim 60-litrenim spremnikom za čistu vodu.

The RIB680 is an ideal companion for daily summer cruises during which it provides comfort and functionality. Beneath the upholstered seats and beneath the entire length of the inflatable are storage space to store belongings and equipment required for sea activities and a full day at sea. It can hold up to 14 people. At the rear of the boat is a shower with its 60-liter tank for clean water.

HR | Konzola je dizajnirana s ciljem da se na njenu gornju površinu može smjestiti sve što vlasnik gumenjaka može zamisliti. Vozač ima preglednost nad svim ekranima, sve je na dodir prsta i na dohvat ruke. U vožnji vozač može uživati u polu sjedećem položaju naslonjen na manju konzolu koja ujedno služi kao stol sa fiksatorima za boce i čaše za putnike krmenog sjedala. Aristazara za RIB680 preporučuje opremu i elektroniku Raymarine Axiom te motore Mercury Verado od 250ks.

The console has been designed with the aim to its upper surface to accommodate to every gadget that an owner of an inflatable can imagine. The driver has a view over all screens, all at the touch of a finger. When driving, the driver can enjoy the half-sitting position, leaning against the smaller console that also serves as a table with fixators for bottles and glasses for travelers. Aristazara recommends equipment and electronics from the Raymarine Axiom line and Mercury Verado engine of 250hp. | EN

Duljina / length:	6800 mm
Širina / width:	2850 mm
Broj zračnih komora / number of air chambers:	5
Promjer zračne komore / diameter air chamber:	520 mm
Kapacitet osoba / person capacity:	14
Minimalna snaga motora / minimal motor power:	150 HP
Maksimalna snaga motora / maximum motor power:	250 HP
Preporučena snaga motora / recommended motor power:	250 HP
Neto težina / net weight:	850 kg
Guma / rubber:	HYPALON (FRANCE ORCA)
Boja / color:	bijela sa sivim rubovima / white with grey edges

Osnovna oprema / basic equipment:

upravljačka konzola, volan, ugrađeni spremnik za gorivo
 navigacijska svjetla, automatska kaljužna pumpa, tuš
 tikovina, jastuci, prikolica, nožna pumpa za zrak, navlaka
 platforma za ronjenje, šipka za vodene sportove
 osnovni alat za popravke, 5-godišnje jamstvo
 control console, steering wheel, integrated fuel tank
 navigation lights, automatic bilge pump, shower, teak, ski pole, trailer
 foot pump for air, cover, platform, repair kit, 5-year warranty

Dodatna oprema / extra equipment:

VHF, stereo, GPS, zaštitni krov, podvodna svjetla
 LED svjetla, ljestve, sidro, konop
 VHF, stereo, GPS, canopy, LED lights
 underwater lights, ladders, anchor, rope

Aristazara gumenjaci napravljeni su od kvalitetnih materijala i zamišljeni su da oduševavaju svojim dizajnom ali prvenstveno da odgovore na sve zahtjeve avanturista što se tiče performansi, jednostavnosti korištenja i funkcionalnosti. | HR

Aristazara inflatables are made of high quality materials and are designed to delight as well as answer to all the requirements of adventurers as far as performance, simplicity of use and functionality. | EN
